Response to Restriction Requirement

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Office Action (a restriction requirement) mailed on June 30, 2008, Applicants submit the following response. Should any fees be due, please charge such fees, or if an overpayment has been made, credit such overpayment, to Deposit Account No. 22-0185, under Order No. 27592-00538.

Election

In response to the restriction requirement, Applicants respectfully elect the first species discussed at page 2 of the Office Action, i.e., that associated with paragraph [0007], according to the Office Action, without traverse and without prejudice.

Applicants have reviewed the claims and believe that this species includes Claims 2-7 and 21. However, Applicants also believe that at least Claims 1, 11-16, and 18-20 are generic to all species and respectfully request rejoinder of all species should at least one of these generic claims be determined to be allowable.

Conclusion

Applicants believe that the above election and remarks fully address the restriction requirement. Applicants, therefore, respectfully request prompt and favorable reconsideration of this application, in view of the election/remarks.

If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at the number provided.

Respectfully submitted,

/Jeffrey W. Gluck/
